

ink-HP33 ERASER

Nowadays 30 to 50% of the cartridges HP 21/22/27/28/56/57 and 58 have a program built in by HP which will cause these cartridges to read as electronic failures. Do not scrap these cartridges they are fine!

Boot the program that HP has incorporated in these cartridges with the **ink-HP33 Eraser** by **New Ink**. This is a simple circuit tester with a built in program that will boot this counter bringing the cartridge back to life.

Understand the problem:

Since June of 2005, these cartridges (HP 21/22/27/28/56/57 and 58), are coming to the market with a kind of memory that inform for the printer how many pages were printed with it. When this number of printer pages reach the maximum number made by HP, the cartridge won't work, even with a good circuit.

ERASER Function, what is it ?

The **ERASER Function** is an exclusive system made by New Ink that is capable of boot the counter incorporated in these cartridges by HP.

Example:

Cartridge HP 27A (0037/2000)*

When this number get into its maximum (2000/2000)*, the printer software reject the cartridge.

The **ERASER Function** can boot this number to restart to 0 (0000/2000)*.

* Number of pages printed by the cartridge.

Cartridge Yield:

Cartridge Type	Yield Per Hour
HP C9351AN (No. 21)	900 per hour
HP C9352AN (No. 22)	900 per hour
HP C8727 (No. 27)	900 per hour
HP C8728 (No. 28)	900 per hour
HP C6656 (No. 56)	900 per hour
HP C6657 (No. 57)	900 per hour
HP C6658 (No. 58)	900 per hour

Technical Data:

Voltage: 9V

Length: 10cm

Width: 07cm

Height: 10cm

Shipping Weight: 280 grs

Shipping Box: L 10cm x W 16cm x H 13cm

CURRENTLY THIS IS THE ONLY DEVICE IN THE WORLD CAPABLE OF SALVAGING THESE CARTRIDGES.

- For the Cartridges : HP 21/22/27/28/56/57/58 ;
- Tests the electronic circuit with total accuracy;
- Exclusive **ERASER** Function;
- 2 year warranty.

About Us

Established in 1999, **New Ink Tecnologia** researches, develops and markets technological solutions for inkjet cartridges refilling process. Our product line includes circuit testers, refilling machines, cartridge cleaning machines and accessories. **New Ink** also provides specialized educational courses by instructors with vast experience and technical knowledge.
